JORDANS VILLAGE CENTENARY CELEBRATIONS

Our forefathers a hundred years ago left us a legacy. They created not a group of houses but a community and for this we are eternally thankful. To acknowledge our gratitude we wish to celebrate and to host events on our Village Green.

These events by their very nature will be costly. Marquees (however basic), hog roasts, alcohol et al don't come cheaply. Rather than charge high and very un-Jordans like prices, we have opted to raise funds to subsidise the events.

How are we doing this? Simply by asking **ALL** in the village to support **THE GREATEST AUCTION** whether by offering an enticing declaration of intent - emphasis on fun! - they don't all have to be big money spinners.

As the saying goes pennies make pounds. Or/and by coming to **THE GREATEST AUCTION** on **13th OCTOBER 2018**. With all your support it will be the most brilliant night!

SATURDAY 16th FEBRUARY 2019

FOUNDERS' SUPPER

A traditional **FOUNDERS' SUPPER** in a marquee on the Village Green. Nothing fancy; just enabling so many more past and present villagers to attend. Home cooking - always delicious fare; readings about our village spanning a century; games; and more than anything, the fun that without fail abounds at the annual Founders' Suppers will be there.

Ticket price low as usual.

THE WEEKEND of

EITHER

22nd & 23rd JUNE 2019

OR

29th & 30th JUNE 2019

Dates To Be Confirmed as soon as Marquee hire is in place

A CENTENARY CELEBRATION FOR ALL VILLAGERS PAST AND PRESENT

Saturday from 6 pm

This is for everyone - young and old - on the Village Green.

For people who have lived in Jordans forever right through to those who have just joined our community this year. We invite you all to come out at 6 pm and enjoy a very informal buffet supper - maybe even a hog roast, with vegetarian and vegan options of course - a fun barn dance, and then live music for those who are up to dancing the night away. There will be a marquee but weather permitting - let's hope for another summer as this one! - all will spread out on the Green. Ticket prices will hopefully be kept low, but that all depends on your support for our fundraising events!

AN EXTRAVAGANZA IN AND OUT OF THE MARQUEE FOR OUR CHILDREN.

Sunday

Watch this space for more details!

I am excited just writing about our Centenary Celebrations and I hope you reading this are too!

What do you have to do now? Simply **SAVE THE DATES** - you don't want to miss out!

THE GREATEST AUCTION

Saturday 13th October 2018

We hope to fund the marquee and the meal on SATURDAY 29th JUNE by hosting just one

event - THE GREATEST AUCTION - an auction of promises beyond compare ! Rather than simply donating to our Centenary fund how much more fun to get something amazing in return ! And if you are planning to give a certain sum convert it into say tickets for the theatre/ a musical/to hear a band and see your donation grow before your very eyes ! Have you a caravan/a cottage or even a house in a lovely place/ the heart of a vibrant city that will cost you absolutely nothing to let a couple/ a family or a group of friends use for a week or just a weekend ?

Of course I would welcome some less expensive items - grim to go to an Auction and not to be able to afford to buy anything but let's try for exciting promises - well more exciting than 2 hours ironing anyway ! Most parents love it if their children can go off for a fun activity - maybe think on that one ?

My aim is to have 50 thrilling 'promises' to auction on the night - can you help me reach my goal ?

Jordans Cricket Match 2018

Jordans Village win by 132 runs to 110

The annual cricket match was held on 19th August, having been delayed due to rain. A match for under-10s was held just before the match-proper, helping to train the next generation of players.

Mark Pembroke captained the Jordans Village Side, and was up against Andy Holdsworth's Estate Office team.

A good standard of batting was displayed by both teams, but Mark Pembroke's side showed off superior bowling skills, which proved to be the main difference between the sides - the Estate Office gave away 40 runs in wides! Mark lifted the Ted & Hubert cup which is awarded to the winning team. John Taylor won the Colin Brown Cup for man of the match, while Alan Evers won the vote for the "player's player".

A great day was had by all, and thanks must also go to Emma Holdsworth for keeping score, Chris Waymouth for putting on the Jolly Quaker bar, John Scriven and Jeff Holdsworth for umpiring, and Pat Holdsworth for running the BBQ.

QUIETER GARDENS PLEASE!

At 8:00 am the other morning, when the contract gardeners started work, the operators were gunning the engines, just like a Formula 1 racing driver on the starting grid. In Jordans, if it is just one leaf-blower you are relatively lucky. There is a good chance that that you will also have a couple of hedge cutters on the go and possibly a lawn mower. And that is from just one garden. For those of us who are retired people - and there are quite few – the noise can assault our ears from 8:00 am to 4:00 pm.

Cordless battery driven machines are the route to dramatic noise reductions. The battery life on the household versions, available in the DIY chains is inadequate. However the major manufacturers produce ranges of garden tools for professional gardeners in noise sensitive environments, such as hospitals, schools, cemeteries and public parks.

These are only available from specialist suppliers for the trade (professional gardeners/ground maintenance specialists). The nearest to Jordans/Seer Green is George Browns in Chesham. Web-site www.georgebrowns.co.uk.

The kit the professionals are now starting to buy in increasing numbers is the Stihl AP300

battery at £187 and the Stihl charger AL500 which costs another £108 but will do a full charge in 25 minutes. This battery is interchangeable between tools so the cost is spread. The cost of the battery can be recouped very easily as the price of battery driven tools are half the price of their petrol driven equivalents.

With hedge cutting, you would expect to get 3 hours life from the battery before you need a recharge. You can do the recharge while you are picking up the hedge cuttings - or having a short break.

The noise from petrol driven tools requires operators wear ear protectors which are hot and uncomfortable. Battery driven tools are significantly quieter, with much less vibration, lighter and easier to operate. For your own comfort and out of consideration for your neighbours use battery driven tools yourself and persuade your contract gardener to switch if he/she is not using them already.

PS on Leaf Blowers: In the late 1990s one Los Angeles grandmother, Diane Wolfberg, took on Los Angeles Council's parks and gardens department to demonstrate that a rake and broom could be as quick as a leaf blower, do a neater job and, of course do it all much more quietly. Over three different tests Wolfberg remained unbeaten against a muscular gardener hefting a petrol blower.

So give them a rake and broom!

Holy Sites – Sacred Spaces

Sunday 21st October, 2018

A talk by Adrian Incedon-Webber

So, what makes a site Holy and is that actually different from a Sacred Place?

We cannot know for sure what our ancestors were truly thinking when they built Avebury and Stonehenge but what we do know is that they were and still are important worship sites.

So, was the siting of these monuments to do with the pre-existing energy patterns or for some other reason?

What was considered the first Sacred Site or Holy Place, and what makes them so?

How strong a part does human emotion and intent play in all this?

What influence does Mother Nature and her Elementals have at these sites?

How can we get the best from a site visit?

What was the very first Sacred Space and the first Holy Site?

During his talk Adrian will hopefully answer these and many other interesting questions. He is a former Vice President of the British Society of Dowsters, past chair of their Earth Energies Group and Dowsing for Health Group. He is well known for his talks, workshops and courses on dowsing related subjects. He is an author and film maker, his DVD 'Intuition' and his book 'Heal Your Home', been described as the bible of geopathic stress will be available on the evening as will his new co-authored book 'Spirit and Earth'.

Keys to Grace

Friday 2nd November, 2018

A talk by Dr. Patrick MacManaway

We are honoured to welcome back Dr. Patrick MacManaway for a talk on the Keys to Grace , the title of one of his books. Patrick is a qualified medical doctor but now also a well known professional dowser, teacher and presenter, geobiologist, author, specialising specifically in remedial earth energy healing work worldwide. He lives in Vermont and

divides his time between the US and the UK.

Patrick has been our guest speaker on several occasions in the past speaking about his work, harmonising energies in the landscape, also working successfully on farms to increase yields whether it be crops or animals

On this occasion, he will talk to us about Keys to Grace.

“There is a state of mind and being, in which we are alert yet at peace, poised yet still, our rational and intuitive and emotional and spiritual intelligences all in synergy and balanced, harmonious aliveness...

When in this “State of Grace” we are most connected and centred, and can get our best results for dowsing, healing, and manifestational processes.

In this presentation, Patrick will discuss the nature and aspects of the Grace State, and the keys of our mind and awareness that give us access to and stability in our most natural and self-actualized state of being.”

Jordans Village Bus Stop

Most of you probably know that Jordans Village has a bus stop, but for those who don't it is located by the Estate Office. Carousel Buses run route 580 through Jordans twice a week, on Tuesdays and Fridays.

This route connects Beaconsfield to Uxbridge, via Seer Green, Chalfont St Giles, Chalfont St Peter, Gerrards Cross and Denham. It's ideal for a quick morning trip to Beaconsfield and back, leaving Jordans at 9:48am and returning from Beaconsfield at around midday.

The timetable is on permanent display in the noticeboard by the Estate Office, and of course, on Carousel's website <https://www.carouselbuses.co.uk/routes/580>
